

2210.01 Removal of Asbestos and Training of Abatement Workers

Issued January 1, 1994

SUBJECT: Removal of Asbestos and Training of Abatement Workers.

APPLICATION: Executive Branch Departments and Sub-units.

PURPOSE: To protect employees in State-owned or operated buildings, the general public and workers performing asbestos abatement in such public buildings from improper exposure to asbestos.

CONTACT AGENCY: Department of Public Health (DPH) - Division of Occupational Health

TELEPHONE: 517/335-8250

FAX: 517/335-8010

SUMMARY: The Asbestos Program assures that persons who may be working with products that could contain asbestos be trained in recognition techniques and if warranted, be also trained in, and authorized to remove specific quantities to facilitate necessary repair/alterations. Individuals performing asbestos removal shall comply with rules governing such activity. These rules are designed to protect the employees performing asbestos abatement work, and the general public that occupy the building in which this type of work takes place.
Asbestos regulations include Public Acts 3, 4, 5, and 6 of 1990, 440 of 1985 and 135 of 1986.

APPLICABLE FORMS: None.

PROCEDURES: Contact agency.
